

471-000-540 Nebraska Medicaid Practitioner Fee Schedule for Injectables

HCPCS procedure codes are defined by the Centers for Medicare and Medicaid Services (CMS). For HCPCS procedure code definitions, refer to the CMS website at <http://www.cms.hhs.gov>. HCPCS procedure code manuals are available through private vendors.

For billing instructions, please see 471 NAC 18-004.28 at <http://www.dhhs.ne.gov/reg/appx/471-000-53.pdf>.

Nebraska Medicaid payment is the lower of the fee schedule maximum allowable, the provider's submitted charge, or when applicable, invoice cost. The provider's submitted charge must reflect their charge to the general public.

1. IC indicates "invoice cost" and the medication purchase invoice must be submitted with the claim. IC Limited indicates "invoice cost within a limit" and the medication purchase invoice must be submitted with the claim.
2. An "X" in the prior authorization (PA) column indicates a prior authorization for the medication is required. An authorization request may be faxed to 402-471-9092, Attn: Physical Health Services Unit and should include the following:
  - a. Name of medication,
  - b. Dosage requested,
  - c. Medical necessity of medication, and
  - d. Applicable CPT or HCPCS code.

The MS-77 form found at <http://dhhs.ne.gov/Documents/471-000-206.pdf> may be used and faxed to 402-471-9092, Attn: Physical Health Services Unit rather than mailed to the address on the form. The authorization decision will be faxed back to the requesting provider. Claims submitted without the required prior authorization will not be reimbursed for the medication. If the client is covered under a Medicaid Managed Care Plan, please obtain such authorizations directly through that plan.

3. Injectable medications not included in this fee schedule will not be reimbursed, with the exception of a unique encounter which has been pre-approved through the Medical Director.
4. Maximum allowable for the medications listed include the cost of the medication; medication administration is reimbursed separately.
5. NDC #'s must be included with any claim submission for injectable medications. The NDC # must be accompanied with the appropriate qualifier (F2 = International Unit, GR = Gram, ML = Milliliter, UN = Unit/Each) and the appropriate quantity of that qualifier.
